Bled & Beyond

LAKE, TRADITION & TROUT

TOUR REFERENCE: AE26_SEP28_BLED

DATE
Monday,
September 28th

TIME
08:00
to 17:00

COST
€60

**MAXIMUM NUMBER
OF PERSONS:**
50

A visit to the famous Bled lake and the Bled Fishing Association farm, followed by a tour of the Mihovc fish farm, with a special lunch at the farm.

This combined tour focuses on a visit to the famous Bled Lake in the traditional wooden boats, called "Pletna". The full group will be divided into two, and while one visits the lake and its iconic island, the other will have a tour of the fish farm operated by Bled Fishing Association and dedicated to the breeding of native salmonid species for stocking and conservation purposes.

**BLLED LAKE
& PLETNA
BOAT RIDE**

Pletna boats are made by locals and are typical of Bled. Their origins date back to 1590. The boat is navigated by "pletnar", which is a special »stehrudder« technique where the oarsman is standing and rowing with two oars.

**BLLED FISHING
ASSOCIATION
FISH FARM**

The bus will then drive to Kamnik to visit the Mihovc fish farm – a family business, producing trout since 1995. Over the years the Burkeljca family have expanded and supplemented their offer – allowing visitors to catch their trout instead of buying them. During the summer, they have a restaurant focussing on their products (especially baked trout) and they have an apartment and wellness area for rental.

**SPECIAL LUNCH
AT THE FISH
FARM**

Lunch will be at the fish farm, and includes a starter (fish spread, smoked trout, and homemade bread), followed by a main course (grilled trout or a mixed grill, both served with potato salad), and a dessert (homemade cake or apple pie). **Participants will be asked to confirm their choice of main course (trout or mixed grill) and of dessert one week in advance.**
